

Welcome Address of the Congress Presidents

Anatomy 2020;14(Suppl 2):Siv ©2020 Turkish Society of Anatomy and Clinical Anatomy (TSACA)

Dear Neuroscientists,

We welcome you to the 18th National Neuroscience Congress, 6–9 November 2020, hosted virtually by Bilkent University with the support of Brain Research Society (BAD).

This year, we have compiled a rich program spanning a broad range of topics from molecular and cellular scale to cognitive systems, with valued contributions from our attendees. The congress program comprises 10 conferences, 16 panels with 65 speakers, 5 educational courses, 9 oral sessions with 59 short talks, and 3 poster discussion sessions with 82 poster presentations. The presented research highlights applied areas such as

molecular and cellular neuroscience, behavioral neuroscience, neurological disease and treatment along with technical areas including computational neuroscience and neuroimaging.

We hope that the 18th National Neuroscience Congress will offer a rich educational and scientific experience to all participants.

Sincerely,

Congress Co-Presidents

Ergin Atalar (Bilkent University)

Metehan Çiçek (Brain Research Society)
